Type of Sounding Bowl Required

Description	Price
+5% for special timbers	
Would you String Polish at 7.00 ?	
Would you like a Tuner at 17.00 ?	
Will you collect, or please add Post and Packing	27.00
Total	
Deposit of 20%	
Balance to pay on Completion	

A deposit of 20% confirms the order and enables me to begin work. Hospitals etc. may submit an official order or in special circumstances other methods of confirmation are possible. Yew, Walnut etc. cost more.

We frequently have stock, including various sizes and types, one of which may be what you seek. Completion is usually three to six weeks. A completion date may be agreed at time of order. You may collect from the workshop or it may be delivered to your address on receipt of payment.

Post and Packing is usually £27 inland UK. Elsewhere by quotation. Non standard tunings, discussed in advance should be noted here.

Sounding Bowls actively engender, encourage and enable all aspects of Human development. Instruments chosen from stock can enter into partnership with users in this. If we are making for you and there are particular issues you are working with please discuss in advance and note relevant points below. Experience suggests these may become woven into the instrument.

Tell me what you wish to about your aims.……
